

1250a Distribution Box

Overview

UKK-125A Application Conduct Electricity Character Environmental Protection Species Terminal Production Process Injection Molding Shape Square Interface Type AC/DC Certification UL, ISO Brand Smico Rated Current 1250A Rated Voltage 1000V Input Size. Basic Info. Tinned copper or aluminum block allows for copper or aluminum conductor direct connections, or using ferrule Screw retaining cover is hinged and removable Design allows for visual inspection of conductor and confirmation of connection Modular snap-together blocks for building multi-pole power. These Single Pole UKK 1250A Power Distribution Box Terminal Block have multiple approvals for use with aluminium and copper conductors. Also provides optional custom branding, and custom industrial packaging is also available for product delivery. The conductor is made of excellent brass. Distribution and earthing system 1. Large Equipment (Any External Dimension More Than 50 cm)manufacturing a full range of products, including high and low voltage switchgear assemblies, distribution boxes, and control boxes.
