

144-core optical cable loop

Overview

The 144 core capacity allows for a high volume of cable connections, making it ideal for large-scale fiber optic installations. 144 Core Fiber Optic Cable GYTY53 Outdoor Armored Double Jacket Waterproof Gel Filled loose tube direct burial is used for direct buried underground, it suit for long distance and LAN fiber communications, we supply both the single mode GYTY53 cable and multimode GYTY53 cables. Each ribbon shall have its own sub-unit tube for easy handling and management. The cable shall be flame. Corning SST-Ribbon gel-free cables represent a truly innovative breakthrough in outside plant cable technology. Providing up to 216 fibers in a compact design, the enhanced coupling features ensure the ribbon stack and cable act as one unit, providing long-term reliability in aerial, duct and. Introducing our 144 core fiber optic dome joint enclosure, designed to provide superior protection and organization for your fiber optic cables. This enclosure is made of UV Protected, durable and high-quality materials to ensure maximum reliability in any weather condition. With a secure and. Outdoor OFC MLT: ARAMID + PE + SWA + PE with 12 Tubes of Ø1. Outdoor dry core optical fiber Multi Loose Tube cable with aramid yarns as strength member, polyethylene inner jacket, Steel Wire Armouring (Full Rodent Protected) armor and polyethylene outer jacket. Product feature: This. ations, complying with IEC standards for low smoke/zero halogen and Eu oClass (Cca or B2ca) for fire protection.
