

Australia Cable Tray Company

Article Overview

Leading Australian cable tray manufacturers include EzyStrut, Burndy CSS, Axelent, Brilltech, and Ferrotech Pacific, offering durable, versatile, and compliant cable management solutions.

Key Manufacturers and Their Offerings

EzyStrut is one of Australia's most prominent cable tray manufacturers, with over 35 years of experience. They provide a wide range of products including ladder trays, solid-bottom trays, wire mesh trays, and high-sided CTF trays made from pre-galvanised steel, hot-dip galvanised steel, or aluminium. Their trays are suitable for both indoor and outdoor installations and are designed to meet Australian standards such as AS4680:2006. EzyStrut also offers custom solutions for high-volume or specialized projects, making them ideal for mining, telecommunications, and construction sectors (WebPages).

Burndy CSS (Cable Support Systems) specializes in cable trays built to withstand extreme conditions, including high temperatures and corrosive environments. Their products are widely used in oil and gas, mining, and power generation industries. Burndy CSS provides both standard and custom trays, emphasizing flexibility, ease of installation, and long-lasting performance (WebPages).

Axellent focuses on innovative cable basket trays, particularly the X-Tray system, which integrates with their X-Guard machine guarding solutions. Their trays are designed for commercial and industrial environments such as data centers, telecom installations, and electrical systems in commercial buildings. Axellent emphasizes easy access, organized cable management, and frequent maintenance (WebPages).
