

Cambodia Buried Outdoor Optical Cable

Overview

The Hong Kong-Phnom Penh submarine fiber-optic cable project, valued at over US\$165 million and spanning 2,715 kilometers, is set to be completed in 2024, addressing Cambodia's increasing demand for reliable internet access. The Sihanoukville-Hong Kong Submarine Cable connects Sihanoukville, Cambodia and Hong Kong, spanning approximately 3000km across the South China Sea. This significant development was announced by Minister of Post and. Cambodia Fibre Optic Communication Networks Co., Ltd (CFOCN) has requested the Ministry of Public Works and Transport (MPWT) for approval to undertake a project involving the drilling and installation of new fibre optic cables across Cambodia's nine major provinces. Unicom Group is one of the largest telecommunications operators in China and according to reports the company has.
