

Four-port industrial network switch

Overview

This plug-and-play four-port switch offers connectivity and comes in a compact, durable metal case. Store-and-forward technology with full wire speed communication, high throughput and minimum. The N-Tron® Unmanaged 4-port Industrial Ethernet Switch meets data gathering, control and Ethernet I/O needs cost-effectively. Top performance for high-speed layer 2 switching in demanding industrial. This gives you the flexibility to build powerful and secure networks, even in harsh environments: copper and FO ports, as well as redundancy functions, enable the flexible networking of your systems and the easy segmentation of your industrial network. 4-Port Managed Industrial Gigabit Ethe. Industrial temperature range of -40°C to +80°C (-40°F to 176°F) and dual input redundant power supply with wide voltage range means it can be powered from USB or on the 24V factory floor. The number of ports available on your network switch is essential because it determines the number of devices that can be connected to it. This compact switch features galvanically isolated ethernet ports supporting speeds of 10/100/1000 Mbps.
