

Hungarian home electrical distribution box manufacturer

Article Overview

ETI Group and Fonet are leading Hungarian manufacturers of complete electrical distribution boxes, offering solutions for residential, commercial, and industrial applications.

ETI Group

ETI Group is a prominent manufacturer of electrical protection devices and distribution boxes in Hungary. Their DIDO MB series of metal distribution boxes is designed for safe and reliable electrical distribution in both residential and commercial installations. These boxes support in-wall mounting in brick or hollow walls and incorporate low-voltage circuit breakers to protect installations and connected equipment against overloads and short circuits . ETI Group is recognized for its high-quality manufacturing standards and extensive experience in electrical protection solutions.

Fonet

Fonet specializes in injection-molded distribution boxes suitable for fiber optic and electrical applications. Their products feature corrosion-protected metal parts, UV-protected bodies, and reclosable designs. Fonet boxes accommodate multiple adapters and splices, providing dustproof protection and easy installation without special tools . They offer a range of sizes and configurations, making them suitable for both industrial and commercial projects.
