

LED light module group

Overview

LED-LIGHTS Group supplies LED modules and core lighting components that serve as the foundation for commercial lighting, signage, and display systems—supporting reliable system integration, consistent performance, and scalable production across global markets. Our modules and components capability. LED Lighting Group is a manufacturer, wholesaler, and distributor of energy efficient LED light fittings and lamps for residential, retail, commercial and industrial applications. Proud Distributors of TRIDONIC. LED Lighting Group is a 100% Australian-owned manufacturer. Luminus, Inc. and NewEnergy have recently introduced new linear modules built with Salud MP3030 LEDs. Salud LEDs are engineered to achieve specific melanopic/photopic ratios in addition to providing light that is both comfortable and renders true colors. A. Lumileds offers thousands of LUXEON CoB options for LES, CRI, CCT, light output, light spectra, and more. There are no upcoming events at this time. ©2001-2026 Lumileds Holding B.
