

Lc Fiber Optic Distribution Frame 19-inch

Overview

Closed sheet-metal structure, operable both on front/rear side. Compatible with different fiber optic connector types, such as SC, LC, FC, E2000, and more. The height of the network rack is 2m, 2. Supporting suitable module, high capacity 576 cores to 720 cores. Application for equipment. Premium-Line rack mounted Optic Distribution Frame - ODF suits for standard 19" server cabinet installation. This ODF is available for maximum 96 cores terminated inside with SC or FC connectors & adapters, or 192 cores for LC duplex adapters. Two simplex adapters stack design make it in easy way. An optical distribution frame (ODF) is a frame used to provide cable interconnections between communication facilities, which can integrate fibre splicing, fibre termination, fibre optic adapters & connectors and cable connections together in a single unit.
