

Mauritius Miniature Spectrometer Manufacturer

Overview

Ocean Optics pioneered miniature spectrometers and delivers spectral solutions to researchers, OEMs and industrial customers, also designs and builds industrial-grade photonics systems for material inspection, chemical identification and quality assurance. Laboid International is a renowned name in the field of Spectrophotometer in Mauritius, serving the scientific community. Our commitment to quality and innovation sets us apart. We specialize in manufacturing a diverse array of precision quality laboratory instruments designed to meet the vast needs of scientific research, industrial applications, clinical diagnostics. Chromatotec group develops, manufactures and sells scientific instrumentation since 1986. is an industry leading manufacturer and distributor and trusted global advisor of XRF sample preparation products and services, including XRF sample preparation consumables, equipment and platinum labware items.
