

Model of temporary lighting distribution box in Mexico

Article Overview

Hubbell Mexico and Thermon offer a range of temporary power and lighting distribution boxes suitable for construction, industrial, and emergency applications.

Available Models and Features

Hubbell Mexico provides a selection of temporary power boxes designed for portable and safe electrical distribution. These units are suitable for construction sites, outdoor events, and temporary lighting setups, and their product experts can assist in selecting the right model for specific amperage and voltage requirements. Thermon offers temporary power distribution boxes engineered for harsh environments and industrial applications. Their models include:

- Spider Boxes: Compact, rugged, and economical, designed for 250 VAC single-phase power. Ideal for contractors, manufacturers, and portable equipment users.
- Portable Power Boxes: Equipped with multiple outlets, circuit protection, and overload prevention. Suitable for construction sites, disaster recovery, warehouses, and confined spaces.
