

Myanmar-branded 100G core switch

Overview

The FortiSwitch 100G FS-124G offers ultra-fast 100G Ethernet ports, ensuring seamless data transfer for demanding applications, enhancing performance in high-traffic environments for businesses that rely on speed. FS 100G Switches offer high programmability and scalability, designed for large enterprises and hyper-converged infrastructure (HCI) networks. Provide full line-rate 10 Gigabit access interface, 40GE or even 100GE uplink interface, making it possible for 10 Gigabit server high-density access and campus network. Can be used for high-speed wireless device access, data center 10 Gigabit server access and the core of the campus network. Edgecore offers high performance bare-metal data center switches for Top-of-Rack and Spine Network deployment, Flatter & scalable topologies, non-blocking fabric. We accept mobile payments such as KBZPay, CBPay, WavePay, AYAPay, OnePay, MPtPay, and M-Pitesan. You can return the Switches if we deliver the wrong specifications or the product.
