

Statutory warranty period for cable trays

Overview

The 2-year guarantee period starts as soon as you receive your goods. If a defect becomes apparent within 1 year of delivery, you don't have to prove it existed at the time of delivery. It is assumed that it did unless the seller can prove otherwise. This warranty does not apply to normal wear and tear or damage caused by negligence, lack of maintenance, accident, abnormal operation, improper. The International Electrotechnical Commission (IEC) provides detailed guidelines for cable tray systems under IEC 61537. This standard outlines the construction requirements, testing methods, and performance parameters for cable trays and related support systems. Whether you're designing a new. terms in a warranty /guarantee (3. 8) before it is placed on the market. The DINTEK 25yr Product Warranty, warrants that the products covered are free from physical defects and that with normal and resonable usage should continue to work for a period not exceeding 25 Years from the date of purchase.
