

Syrian Support Cable Tray Models

Article Overview

Syrian support cable trays include a wide range of models such as cable ladders, perforated trays, channel trays, and trunkings, available in materials like stainless steel, galvanized steel, aluminum, and fiberglass composites.

Types of Cable Trays in Syria

Syrian suppliers and manufacturers offer various cable tray systems to support and manage electrical cables in industrial, commercial, and residential projects. Common models include:

- Cable Ladders: Ideal for heavy-duty applications, providing strong support and easy cable access.
- Perforated Trays: Suitable for medium loads, allowing ventilation and heat dissipation.
- Channel Trays: Compact and versatile, used in tight spaces or for smaller cable bundles.
- Cable Trunkings: Enclosed systems for protection against dust, moisture, and mechanical damage .
