

Tools for opening optical fiber cables

Overview

Also available are fiber scribes, manual fiber optic cleavers, and electronic cleavers, various fiber cable adapters, and bare fiber adapters. Choose accessories for your next fiber optic installation, including cable fiber access tools, tool kits, polishing film, cleaning. Our fiber optic termination kits, inspection tools, and cleaning supplies allow both lab and field technicians to complete reliable assembly of fiber optic systems. Our termination kits, for example, are equipped with all of the necessary tools — pin and socket polishing tools, jacket strippers. CommScope features a family of tools and components for the installation, repair and maintenance of fiber cables, including prep and termination kits. Equip your team with our professional Fiber Optic Tool Kits. Designed for FTTH installation and network repair, these sets include high-precision fiber strippers, cleavers, and Kevlar shears housed in a rugged, impact-resistant hard case. When it comes to any project, using the correct cable tools will save you time and money.
